

Small Enough to Listen. Big Enough to Deliver.

CONSTRUCTION CARPENTER

Competent, Consistent, Precise, Neat, Self-Sufficient, Independent, Good Listener and Likes People

New Life Construction is looking to hire a carpenter with various carpentry skills to help remodel kitchens and bathrooms, flooring, deck building, installing windows and doors, siding replacement, metal roofing, and customized projects. We are a growing company that focuses on customer satisfaction.

Construction Carpenter:

In this role, you will work directly under the supervision of a qualified team lead. You will bring the ability to work on various projects with many different materials using carpenter's hand tools and power tools while conforming to local building codes.

Responsibilities:

- Knowledgeable about the remodeling industry and project processes
- Customer-focused with excellent verbal communication skills
- Experienced and confident in reading construction plans and specifications
- Comfortable collaborating on projects
- Experienced in carpentry focus areas for remodeling (trimming, etc.)
- Excited about helping clients create and realize a vision for their project
- Handling equipment, tools, and materials requirements for each job.
- Communicate with customers in a courteous manner
- Work safety, produce quality work, and be productive on all worksites

Requirements:

- Strong verbal communication skills
- Ability to handle multiple tasks
- Team-oriented with excellent customer service skills
- Strong organizational and time management skills
- Effective problem solving, reasoning, and learning skills
- Must be legally able to work in the USA
- Have reliable transportation
- Ability to run power tools in a responsible manner
- Open to applicants who do not have a high school diploma or GED
- Hardworking

Pay: \$18.00 - \$25.00 per hour

Job Type: Full-time
